Renewal and New Membership Information

When applying for or renewing membership from March 2025, consider these types: Student Member (SM), Associate Member (AM) and Professional Member (PM). An admin fee applies to all memberships.

A new AM or PM will receive a welcome letter. A Student Member upgrading to AM or PM will have the student studies during the past year as proof of Continued Professional Training (CPT). Please provide details via the Contact Us form with a copy of the results of your training attached. New members registering after December 31st will see a discounted annual fee. Members renewing after 30 June will be required to pay a joining fee and will not have member access after their membership expires until they rejoin.

Current Reflexology Students

If you are currently a student who has not enrolled as a member, simply fill out the *application online to become an SM*. Your membership will expire 2 years after your application date which may be at any time during the financial year.

Once you have registered as an SM, that registration will be recorded and kept. You *may not register again as a new student* at any time. If you are still a current student after the two years, please consider registering as an AM until you are qualified as a PM.

Non-current Members:

If you have not been a student or member for over 2 years, complete the Contact Us form online with your qualifications, including Reflexology training or experience from the past 2 years. Your application will be assessed to decide if a refresher course is needed. You will be informed of the decision and any further requirements.

Current Associate or Professional members:

If you are currently an AM or PM, fill out the *application online to renew* your membership, ensuring that any certificates of currency for any required insurance or First Aid are submitted. If you have been able to complete online CPT records, the Administration will check your compliance. If as in 2024 you have not been able to record CPT online, please supply a copy of your manual records of CPT. The documents can be submitted by attaching to a *Contact Us* form online or by emailing to admin@reflexology.org.au.

Previous AM or PM membership in the past 2 years:

If you have been a m*ember of the Association in the past 2 years* and you can comply with CPT requirements, please complete the Contact Us form on the web site with the details of your CPT and complete the application including the required certificates and pay the fee online.

Any other Membership Application circumstances:

Please complete a *Contact Us* form online with details of your requirements and justification. You will be contacted regarding the decision and any further requirements.
